Update on Eagle Lake Recreation Area

Concessionaire & Status

Susanville, CA— (May 20, 2022) Eagle Lake Recreation Area is an important part of the Lassen National Forest (LNF) community. As many know, there have been concerns brought forward to the Eagle Lake Ranger District and the Lassen Superintendent's Office. LNF would like to issue an update on that situation.

After much consideration and negotiation, the vendor permit with Lassen College Foundation has been suspended. Forest Service staff and camp hosts will be running the campgrounds until further notice.

- Christie Campground will be closed due to lack of staffing.
- Merrill, Eagle, West Eagle, and Aspen Grove Campgrounds are open and are accepting reservations. Water is available at these sites.
- The Marina store will be closed until further notice. The Marina Restrooms will be open for Memorial Day Weekend only.
- The low water dock will be installed when the water is calmer.

Because of low staffing, we ask that you be prepared to pack in and pack out trash in case waste containers are full. LNF also recommends bringing extra toilet paper and sanitary wipes, just in case.

Eagle Lake Ranger District has received interest from several potential vendors who would like to manage the recreation area. When an update is available, a news release will be issued. If you have questions, please reach out.
